

25 February 2015

Mr Matthew Harridge
Director
O'Brien Traffic
Suite 2, 22 Gillman Street
Hawthorn East VIC 3123

Department of
Transport and Main Roads

Dear Mr Harridge,

Thank you for your application for registration as a **Senior Road Safety Auditor**.

The aim of registration is to have on record a listing of suitably skilled and experienced road safety auditors for selection to undertake road safety audits. To be eligible for registration as a Road Safety Auditor the applicant must satisfy the following criteria:

- (a) a minimum of five years relevant experience in road design, traffic engineering, road safety engineering or other closely related road safety discipline; and
- (b) successful completion of a road safety audit training course, approved and recognised by a State Road Authority.

To be eligible for registration as a Senior Road Safety Auditor, the applicant must satisfy the following additional criteria:

- (a) participation in at least five road safety audits of which at least three must be design stage audits.

Based on the information in your application, you satisfy the criteria for **Senior Road Safety Auditor** and have been registered on the database as such.

Please note to remain on the register you are required to certify the maintenance of your road safety audit experience by participating in at least one road safety audit every 12 months. Your registration expiry date has been set 12 months past the date of the last road safety audit that you have supplied evidence for. For example this would mean that if you supply evidence that you conducted a road safety audit on 20/06/2014, then your registration expiry date will be set as 20/06/2015.

As you gain additional experience in road safety audit, please supply the updated details to the Road Safety Audit Registration Coordinator via email at road_safety_audit@tmr.qld.gov.au.

Yours sincerely

Simon Harrison
Senior Engineering Manager (Safer Roads)
