Hi Brayden,

Based on the email, I am comfortable that, although Emily has let her accreditation lapse, she has continued to develop and apply her knowledge in the area of Road Safety.
Could ARRB please check that the links provided in her email, confirm her statements.

Given her ongoing involvement in Road Safety, re-sitting the Road Safety Workshop would be of little value to her.

I am comfortable for ARRB to approve Ms McLeans's request.

Regards

Subject: VRSA Accreditation Request

Dear All,

Apologies for what's turning into a deluge of emails but we're having a bit of a run of these types of requests at the moment.

The attached is a from Emily McLean, who has previously undertaken the VicRoads workshop but has since let her accreditation lapse and has lost her certificate. She is inquiring about

having her accreditation reinstated. Given her extensive experience in the road safety space (detailed in the attached) we see no issue in her accreditation being reinstated.

If you agree, could you please send me a confirmation email stating as such and we'll approve Ms McLean's request.

Kind Regards,

Brayden Capper
